Meet Chris Coutu – Candidate for Congress

Connecticut's 2nd US Congressional District

Chris has an Undefeated Record of Winning Tough Elections

In 2007, we made a decision to run for city council in my hometown of Norwich. Despite a Democrat registration advantage of over 20%, our campaign earned one of the highest vote totals.

In 2008, we challenge an entrenched, 14-year State Representative who won his previous election by 23%. The establishment told me it couldn't be done, but in the midst of the Obama landslide I was one of the only Republicans in New England to defeat a sitting Democrat.
